

Continuing to ASPIRE

Saint George Catholic College Alumni

SUBJECTS STUDIED AT SAINT GEORGE:

Mathematics
English Lit and Lang , Combined
Science , History , French, RE and
GCSE PE

FURTHER/ HIGHER EDUCATION:

Peter Symonds College:
Mathematics
Economics
History

University of Reading studying Economics

DANIEL BONAVIA'S TIME AT ST GEORGE:

I felt like there were so many opportunities available to us at St George – especially extra curricular activities. I was heavily involved in sports clubs – pretty much every day of the week! The facilities at the school are unmatched – from the astro to the playing fields around the back of the school – you just don't find that in the city! One of my proudest moments was being awarded "Sports Personality of the Year", at the PE departments annual Sports Awards. Although St George was very nurturing, teachers pushed us to be independent, so the transition to college was quite smooth as independence was embedded in me. My GCSE teachers were great! They really challenged me to attend intervention and revision sessions and did not give up on me, I don't think I would have got that had I have gone a larger school.

CLASS OF 2018
