ISABELLE MILL'S TIME AT ST GEORGE:

It was a privilege to hold the position of Head Girl where I developed leadership and public speaking skills in the process. English Literature was a firm favourite during my time because we had very creative discussions and studied interesting texts. However, I also had passionate teachers in Geography, French, History, and Biology, so really enjoyed these lessons. St George was, and continues to be, so supportive of our aspirations. Teachers at St George work so hard to encourage students to believe in their abilities. It is a place where young people feel safe, protected, and focused. I still like to remind myself with the ASPIRE values when I'm thinking about my next goals for the future.
