Anxiety or depression
Self-harming
Substance misuse
Eating disorders or physical symptoms (medically unexplained)
Attention deficit disorder - ADD
Attention deficit hyperactive disorder - ADHD
Attachment disorder
- Sensory & or Physical Needs**
Vision impairment
Hearing Impairment
Physical disability

Frequently asked questions from the point of view of a parent/ carer:

1. What type of school is St George Catholic College, what special needs do we cater for, and are there eligibility criteria?

Saint George is an 11-16 Mixed Catholic College. St George Catholic College is an inclusive school, where all teachers are teachers of children with special educational/additional needs.

We cater for pupils with learning, behavioural, emotional and social difficulties. All pupils are regularly assessed either on entry to the college or at regular intervals through each year.

The college reviews the outcomes of assessments with all stakeholders, ensuring that the needs of any individual can be met.

2. How does St George Catholic College know if children/young people need extra help and what do I do if I think my child has special educational needs?

The college identifies children with special educational needs in a number of ways. Children are assessed regularly and parents are always informed of any concerns regarding their children's progress.

The college regularly monitors your child's progress in meeting their targets and if they are not making enough progress they will be highlighted for the attention of our Learning Support Department.

The SENCO may carry out additional testing when additional educational needs are identified. Outside agencies may also be involved. The Special Educational Needs Coordinator (SENCO), Inclusion Lead Assistant and ELSA will implement, after consideration with parents, any necessary and appropriate interventions.

Assessment for learning is used to support planning for different levels of attainment. Small groups may be supported by either the class teachers or Teaching Assistants as appropriate.

Work is differentiated to meet individual children's needs. There is careful targeting of individual support for pupils with Pupil Profiles. Personalised interventions are put in place for pupils who are not making progress and they are closely monitored and interventions are reviewed termly.

It can be necessary to provide individual students with a modified or bespoke timetable to support with the meeting of their needs, which could involve being withdrawn from a subject to receive additional numeracy and/or literacy.

3. How will St George Catholic College and parents know how their child/young person is doing and how will you help to me to support my child/young person's learning?

There are regular parents' evenings with termly mentoring reports. There are termly meetings with your child's tutor giving parents the opportunity to discuss progress and to set targets for the coming term. The SENCO meets parents regularly to discuss needs and meets parents termly in order to discuss progress. Parents are informed by letter of any interventions that their child receives.

4. How will St George Catholic Collage staff support my child / young person?

The Learning Support Department offers access to small group work based on developing an understanding of the subtleties of language, conversational skills, self-esteem, confidence and other social skills.

There is a structured multi-sensory, multi-modal programme of work to develop literacy and numeracy skills with plenty of opportunities for over learning and consolidation of concepts. This includes developing foundation skills in reading, writing (spelling and comprehension) and arithmetic.

The Learning Support Department provides selected pupils with opportunities to attend a breakfast and/or lunch club in a friendly and nurturing environment. The department also run a homework club after school every week day from 3pm until 4pm as well as an opportunity to seek support before school hours from 8am.

Pupils at St George Catholic College with special educational and additional needs have a Pupil Profile which is distributed to all teaching staff. All staff are made aware of the strengths and needs of the child and are advised on specific teaching strategies for Quality First teaching.

Your child's class teachers and the SENCO will oversee and plan your child's education programme. Depending on the intervention required, your child may be working at times in a small group aimed at supporting literacy and/or numeracy.

Sometimes a pupil requires support to access the curriculum or to manage his or her behaviour, emotions, or to work on their social skills. Learning support or inclusion assistants may then be needed to support your child to be a successful member of the college community.

5. How will the curriculum at St George Catholic College be matched to my child / young person's needs?

Children and young people will have full access to the National Curriculum and Religious Education. The National Curriculum will be differentiated to take account of each child's particular needs and will be modified to suit each child's academic and personal development.

All our teachers are teachers of children with SEN.

All teachers plan to include everyone in their lessons and work is provided at the appropriate levels for children to access their learning and make good progress. Planning is monitored by both middle managers and the senior leadership team. The team are happy to respond to concerns and queries by phone, in person or by email.

6. How is the decision made about what type and how much support my child /young person will receive?

There is a rolling cycle of meetings to discuss the needs of each cohort in the college. These are attended by a member of the senior leadership team, the SENCO, the Progress Leader, the Inclusion Lead Assistant and the ELSA. The Careers Advisor is in attendance for Key Stage 4 meetings

The members of the Learning Support Department meet regularly to discuss the progress of the children they support and keep a log of key observations and findings. They also meet regularly with the teaching staff and heads of department to discuss personalised support and effective intervention programmes.

The college is funded to meet the needs of all their pupils through its core budget but is additionally funded to support provision for SEND through:

- Deprivation and underachievement factors, based on the number of pupils receiving free meals and those underachieving on entry.
- Funding for specific pupils to meet their assessed needs.
- Delegated and designated budgets.
- Also, in some part, the Pupil Premium.

7. How will my child / young person be included in activities including trips run by your setting?

We make every effort to include all pupils in college trips. If an individual risk assessment is required we will write this in order to ensure that everyone is fully included. All pupils with a medical condition such as diabetes and epilepsy will have a healthcare plan.

We will also help prepare your child for any changes in their school day, such as school trips, awards ceremonies, activities week and sports day.

8. What support will there be for my child's overall well-being?

St George Catholic College works hard with families to meet the needs of all pupils with their social, emotional and behavioural development. There is a robust pastoral structure which places the emotional needs of the child as a high priority.

At St George Catholic College we run a Key Stage 3 Nurture Group. A nurture group is a small group of children usually based in a dedicated room in the school and staffed by two supportive adults. Nurture groups offer a short term, focussed, intervention strategy, which addresses barriers to learning arising from social / emotional and or behavioural difficulties, in an inclusive, supportive manner.

Children have access to one-to-one support from an Emotional Literacy Support Assistant if required. There are close links with our partners in health, for example, the School Nurse and Emotional Health & Well-being Practitioner. We also can refer children to the school's mental health nurse, the Behaviour Resource Service and the Educational Welfare Officer.

Our work is supported by our in-house Saints Community Champion by working with young people who are struggling with mainstream education by engaging them in physical activity and through their links to Southampton Football Club.

9. What training is provided for staff supporting children and young people with SEND?

The SENCO has a Bachelor Education degree with Honours and will be undertaking The Statutory National Award for Special Educational Needs Co-ordinators, in September 2017. The LSA team includes a member of staff with the HLTA qualification and a number also have achieved the CASHE Level 2 Certificate or Level 3 Diploma in Specialist Support for Teaching and Learning.

We have an Emotional Literacy Support Assistant. ELSAs are Learning Support Assistants (LSAs) who have received additional training from educational psychologists on aspects of emotional literacy including emotional awareness, self-esteem, anger management, social and friendship skills, social communication difficulties, loss, bereavement and family break-up.

The SENCO provides INSET for NQTs and other new staff at the college on the Code of Practice, procedures and staff receive training which is aimed at maximising participation, access and achievement of children with special educational/ additional needs.

Teaching Assistants trained in Catch Up Literacy & Numeracy.

Individual departments can request INSET from the SENCO for specific purposes or generic training.

Whole-school INSET, focusing on specific needs is included, where appropriate, on staff training days and during twilight sessions. Literature on a range of special educational needs and disabilities is located on the college SEND drive to support members of staff with their understanding.

10. How accessible is your education setting (indoors and outdoors)?

St George Catholic College is an inclusive setting that welcomes all children regardless of their abilities. Reasonable adjustments are made to include all members of the college community.

We make every reasonable adjustment possible. Part of the college site is across three levels but we would move a class downstairs in order that a pupil could access this. We have a lift which gains access to Science Geography and Technology

departments. There are accessible toilets and shower and ground-floor access to the Learning Support and Trinity Department.

The college has a designated handicapped parking bays and all steps are painted in high visibility paint.

11. How are parents / young people currently involved in your education setting? How can I get involved and who can I contact for further information?

St George actively seeks to work with parents / carers and values the contributions they make. New parents are encouraged to join the 'Friends of St George'. This is a social group that meets to organise fund raising events for the college.

Parents are actively encouraged to help their child in many ways, for example: hearing their child read and learning spellings. Parents are encouraged to attend Parents' Evenings and Mentoring Days where their child's progress is discussed with subject teachers and tutor.

Effective communication is achieved through regular contact with home either through letters, telephone calls, text messages, email or the pupil's planner. New parents can attend the Admissions Information Evening in the summer term and Open Evening in the autumn term prior to transfer.

12. What steps should I take if I have a concern about the school's SEND provision?

Initially, all complaints from parents or carers about their child's provision is made to the SENCO, who follows this up with relevant staff. However, if a parent or carer is not satisfied with the response given, the procedure outlined in the college's Complaints Policy may be followed.

13. What specialist services and expertise are available at or accessed by the school?

Children with SEN/D in college may also be supported by external agencies and parents are always consulted. The Deputy Headteacher for Pastoral, SENCO and the Inclusion Lead Assistant co-ordinate the liaison with multi-agencies, with referrals supported by class teachers and support staff.

It is the responsibility of the Deputy Headteacher for Pastoral, SENCO and the Inclusion Lead Assistant to organise external support and maintain records.

The main external support agencies used by St George Catholic College include professionals such as Child and Adolescent Mental Health, Social Care, Educational Psychology, Occupational Therapy, No Limits, Hampshire Autistic Society Ethnic Minority Service, Speech and Language Service, Physiotherapy, The Parent Partnership, The Secondary Behaviour Support Service (BRS) and Specialist teachers for children who have physical difficulties, specific learning difficulties and visual and hearing impairments (*this is not an exhaustive list*).

The Deputy Headteacher for Pastoral, SENCO and the Inclusion Lead Assistant co-ordinate the liaison and multi-agency working to support children with disabilities. The Deputy Headteacher for pastoral is the school lead for Look After Children (LAC) and works in partnership with the Southampton Virtual School and Children's Social Services. The SENCO, Inclusion Lead Assistant and ELSA, support with the monitoring and implementation of intervention requirements outlined in the child's termly action plan.

14. How will the school prepare and support my child / young person to join the school, transfer to a new school, or transition to the next stage of life?

St George Catholic College prepares children for changes and provides support to manage unpredictable events and at times of transition between primary and secondary and further education.

The SENCO also leads the whole school transition programme and with support from the new Year 7 Progress Leader and the Learning Support Team, liaison is maintained with primary Year 6 teaching staff, support staff and SENCOs from feeder schools. In some cases, it may be necessary for a college representative to meet the child in their home and/or environment prior to entry.

An additional transition day is run students in schools where a small number are transferring to St George as well as for vulnerable students, to facilitate the building of friendships and reduction of anxiety before the citywide Year 6 Transition Day. Where then is a need, further transition is arranged for individual students with a bespoke package planned. There are regular visits between St George Catholic College and the primary schools in our Catholic cluster throughout the year which provides children with opportunities to meet teaching staff from St George Catholic College. We also visit our other local feeder primary schools both in autumn and summer term.

Transition to further education is coordinated between the SENCO of St George Catholic College and the SENCO and support staff of local colleges. Progress Leaders and the school's careers advisor will also be involved in the move to college. Taster days and activities at a number of colleges feature regularly in the college calendar and are available to all years, particularly for Years 10 and 11. Our Inclusion Lead Assistant and ELSA support with accompanying vulnerable students on visits to build confidence, reduce anxiety and support with the planning future transport arrangements.

If your child has an Education Health Care Plan, or you are a carer, then your child's needs can also be discussed in conjunction with a personal advisor from Southampton SEND 0-25 Services. The advisor will liaise between St George and the college SENCO's.

15. Where can I get further information about services for my child / young person?

The college always responds to any concerns raised by parents.

Your first point of contact if you want to discuss something about your child is your child's tutor.

You can contact the SENCO or your child's Progress Leader or any members of the school leadership team, if you are still have any concerns.

If you would like to apply for St George Catholic College, please see the website for details and contact the college to arrange a visit.
